**Member hereby agrees:**

- 1 To abide by the by-laws of the association and all amendmènts thereto.
- 2 That the Association may install a water meter and cut off valve on the premises or in the right of way, and the Association shall have free access to such equipment at all times. The water meter and the shut off valve shall remain the property of the Association. The Association reserves the exclusive right to turn the water off and on.
- 3 That no well or other water source shall be connected to the water distribution system on the property.
- 4 That water will not be supplied by the member to any other user or connected to any additional structure or facility without the written consent of the Association.
- 5 To pay for water at such rates, time and place as shall be determined by the Association and that failure to pay any billing by the 15<sup>th</sup> of the month shall cause the bill to become delinquent and subject to a 10% penalty charge. Should any bill not be paid by the last day of the month, water service may be cut off without notice and a reinstatement fee added.
- 6 The Association may shut off the water temporarily whenever necessary to make repairs or to add new water line extensions.
- 7 That for new meter installation the Owner (or his representative) shall be responsible for setting the grade elevation for the water meter location.
- 8 That meter locations shall be acceptable to the Association;
- 9 That after a meter is set in accordance with item 7 above, any changes in meter location or elevation will be at the owner's expense.
- 10 That service lines on the Member's property will not be extended or designed to include additional units, whether such units be on or off the property of the unit being served. If additional units are connected, the Association may remove the water meter and discontinue service and a reinstatement fee added.
- 11 Members who rent their property will be responsible for any bill left unpaid by their tenants.
- 12 Members shall be assessed on meter connection charge per unit for multi-unit structures and facilities.
- 13 I agree to install and maintain a backflow prevention device on my water service line. I will understand that failure to do so could result in my water service being disconnected.
